Enter your reflective comments	<p>The student population has been maintained in 2018 and enthusiasm and resilience is evident in the school community as the building program becomes closer to being finished. Student programs that provide appropriate learning activities continue to be a focus. The select entry academic learner program will be strengthened with the addition of the AVID program in years 7 and 9 in 2019. Teachers attended PL during the year and the Leading Teacher responsible for AVID has established a positive climate for the implementation. The provision within PSD has been extensive for some students (i.e. full time supervision for funded student, extensive supervision and external program for unfunded student). Professional learning for staff occurred through the year and further plans have been made for 2019 (e.g. NGSC supported by Nelson Park Special School). VCE data showed improvement with two students with an ATAR above 90 and 6 students with study scores of 40+, (2% 40+ study score).</p>
Considerations for 2019	<p>Implementation of AVID in year 7 and 9 SEAL program. Maintain academic rigor in VCE to replicate/improve on 2018 results. This also implies that the 7-11 curriculum is updated and reflects the work on assessment rubrics. With the support of the LS(Digital technologies), learning tasks and assessment rubrics will migrate to Compass from the school wiki. Implementation of a reading program in years 7-9.</p>

	<p>Provide appropriate support and training for parents to access Compass in more meaningful ways (i.e. Learning Tasks, assessment, attendance, progress reports, semester reports and online booking for teacher conferences).</p> <p>Increase the number of staff with special needs training to support the increased number of students requiring support. The partnership with Nelson Park will be of benefit for PL and in class support.</p> <p>The school is balancing enrollments between capacity and community interest. Maintain the breadth and strength of the transition/orientation program.</p> <p>AToS and parent survey data indicate a review of areas relating to student cognitive engagement, school communication, and student connectedness.</p> <p>The school will investigate the School Wide Positive Behaviour program as a means to improve student connectedness, resilience and contribute to student safety.</p>

Explain why the school has selected this KIS as a focus for this year. Please make reference to the self-evaluation, relevant school data, the progress against School Strategic Plan (SSP) goals, targets, and the diagnosis of issues requiring particular attention.	According to the self evaluation we have achieved four out of the six NAPLAN targets (as set in SSP) in 2018 and the next level of work includes a consistent implementation of HITS. HITS was successfully implemented in 2018, however more work needs to be done in this area to ensure that all teachers identify and use appropriate HITS within the school's instructional model.	
Goal 2	Over the life of the Strategic Plan we will provide a caring learning environment, encouraging all students to be curious, actively engaged, empowered and challenged so that they achieve their full potential and become valued members of their community.

Define Actions, Outcomes and Activities

Goal 1	Teachers will adopt consistent teaching and learning protocols and high impact teaching strategies (HITS) so that all students make at least one year's growth for one year's learning in English and Mathematics. Teachers will adopt a whole school focus on HITS to improve VCE and VCAL student outcomes

Increases in all aspects of VCAL programs (attendance, unit completion rates).
KIS 1 Building practice excellence	Continue to consistently embed High Impact Teaching Strategies (HITS) aligned to the school's Teaching and Learning Framework
Actions	A Teaching and Learning (HITS) Learning Specialist has been appointed to continue building capacity for teachers. Teachers will demonstrate the implementation of HITS through the P&D review process, Student shadowing and peer observations. Professional learning activities will be conducted by the Learning Specialist (HITS). Curriculum documentation to include HITS. KLAs identify, discuss and share HITS in KLA meetings.
Outcomes	Leaders and teacher leaders will use Student Shadowing to develop insight into the student engagement, student learning needs, teaching practices that will be used to Teachers develop their practice through feedback provided via peer observations sessions. Teacher P&D plans to reflect their implementation of HITS within the school's Teaching and learning instructional model. Teachers/KLA leaders will update curriculum documentation to reflect the implementation of HITS. Student engagement and success in their learning is increased.
Success Indicators	PLC structure refined and HITS are present in the inquiry cycle. HITS included in P&D plans. HITS embedded in curriculum documentation.

	Outcomes of student shadowing and peer observations indicate increased knowledge and use of HITS.

Refine the PLC structure and process to align with the PLC Initiative recommendations. Refine the assessment practices with rubrics and build on the consistency of assessment practices across and within KLAs. Develop the use of Compass to create rubrics and communicate them to students and parents.			
Outcomes	The Inquiry Cycle is used to deliver student learning gains through the PLCs. Leaders and teachers are refining their understanding of the Inquiry cycle as they guide PLC teams. Students and parents are more familiar with, and can contribute to, the discussion about student learning data and feedback. The use of rubrics is enhanced through Compass; rubrics are made available to students and parents during and post the learning task. Students enhance their use of rubrics to manage their learning and parents are informed and can support their child in a purposeful way.			

Success Indicators	AToSSurvey - effective Teaching Practice for cognitive engagement. PLCs meet regularly. Teachers engage with the Inquiry Cycle process and language. Teachers demonstrate student learning growth through posttests, use of assessment rubrics or moderation.
